

UNITED STATES GOVERNMENT

SECRET

Memorandum

TO : C/ASD 25X1A

DATE: 11 August 1965

FROM : DD/S&D

SUBJECT:

DD/S&T has directed that our participation with the Air Force in the SR-71 studies will be limited and in no event will 25X1A material be involved. I think we are treading on a very narrow edge here and would advise that you use considerable caution in this area.
